TESTIMONIALS

We came across Wells Funeral Services when going through the most traumatic time in our lives. Rod and his team were not only very professional, but also extremely supportive and understanding throughout, whilst guiding us we were made to feel totally in control allowing us to arrange a perfectly fitting celebration of our mum's life. We can't praise them enough and we highly recommend their services, also thanks to Rod for helping us find the extra support we both needed afterwards.

We asked Rod and his team to recently prepare my Grandmother's funeral. The service they provided was faultless and everything was perfectly prepared. Rod was not the image of the funeral director we had imagined; he was upbeat and often jolly while always remaining respectful and professional. Rod's attitude and conversation lifted everyone's spirits at such a difficult time. He was always available when requested, always getting back to us immediately with a solution whenever an issue arose. I would like to thank Rod for everything he did and I would highly recommend Wells Funeral Services.

Jamie W.

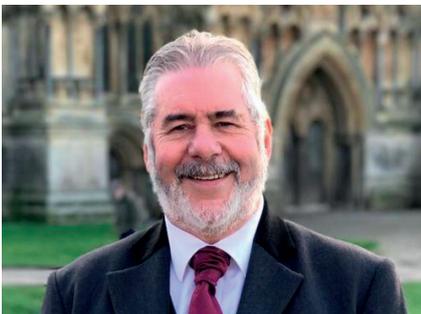

We were so pleased with the personal service we got - nothing was too much trouble and everything went very smoothly at the funeral. I would recommend them to everyone.

Maureen B.

Service is the word when using Wells Funeral Services I and my family felt helped and understood by Rod and his associates. Nothing we asked about was too much trouble for them and my Mum's funeral was everything we hoped for.
